**Ultra Gro Nutri-Pac Benefits**

Balanced micronutrients in ratios optimized for maximum plant growth, maintenance and crop sustainability! **Specifications:**

- Highly available and systemically absorbed micronutrient package (B, Ca, Urea and Carbo)
- Small amount of bio-available micronutrients that are quickly incorporated into the entire plant system
- Binds the carbon in the plant tissue, does not become bound and unavailable
- Leaf application moves nutrients to the spurs where they are stored and available for next season bloom
- Application rate is 1 pint to 1 quart per acre
- Timing is 1 to 2 weeks after 1st irrigation thru post-harvest

**Ultra Gro Nutri-Pac will give you: INCREASED YIELDS, INCREASED QUALITY, AND WILL INCREASE YOUR PROFITS**
